# AMECA

**MOST HUMAN-LIKE EXPRESSIONS IN ROBOTICS**

: EVOKING EMOTIONS THROUGH EXPRESSIONS
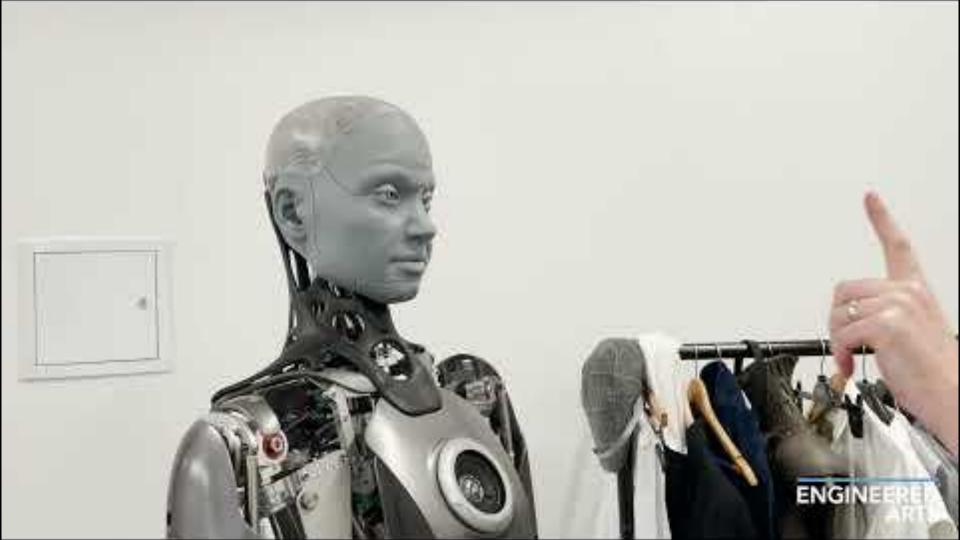

# EMOTION
# EXPRESSION
# EMOTION

# ACTION // REACTION

*isaac said it first (third). or at least called it..?*

¯\\_(ツ)_/¯

# EXPRESSION
# EMOTION

# UNCANNY VALLEY

*ah man, here we go again…*

# THE SPLIT

*humans > robots?*

# BUT

*you know, hypothetically speaking…*

# PERFORMANCE

*expressions bring back emotions bring back*

# PERFORMANCE

*expressions bring back emotions bring back*

# AND BEYOND

*a true robot takeover.*

*how do facial expressions amplify, if they do, the reaction of a robot, both in believability and conveying of a message?*

*what is the relationship between expressions and emotions, and can this truly be emulated by robots?*

*the future of performing robots— tool or replacement?*
